## President's Corner

Dear EAC Members: Keep in mind that, Disposable + Mind + Desire Can be transformed into: Art, beauty, personal growth, better use of our natural resources, Maintenance of the beauty of our dear mother earth, plus many more benefits!

Things are beginning to happen! For example: We need money; We can get it from donations, sales and grants. Misty and Linda are helping in this issue. Misty generated a healthy list of places where we can go get the help, and Linda brought a book titled Grant Writing for Dummies. This is just great start! Thank you to both of you. Now we have to narrow down the list and learn to apply for grants. It is a start.

We are working to get a meeting with the King Supers manager to see how we can get help from them. I know that they help other organizations with grants, advertising on the backside of their purchasing receipts and allowing the Boy Scouts to ask for donations at the main entrance to the store. I am optimistic about getting help from them.

I checked on the 1<sup>st</sup> Bank Center advertising. It displayed only for ten to fifteen seconds in one hour, 24 hours a day. So far there is no response. We are paying \$20.00 total for displays in April and May 2016. I don't think we need to renew it if things continue the same way.

Please look at the Collage information that Suzette Rosenthal gave us. I think it is very complete guideline for everybody in the art field. Don't forget to bring your finished creation from Suzette's demonstration, or your own. There will be a prize for the best one. Aura
