## President's Corner

Dear EAC Members:

I hope you maintain the level of wellbeing that is satisfactory to you, and you are making a lot of progress in the fields of your interest and **ECO ART**.

Keep in mind that: **Disposables + Mind + Desire, Feeling, and Action can be transformed into: Art, Beauty, Creativity, Personal Growth, Better use of our natural resources, Maintenance of the beauty of our dear Mother Earth, learn how to use new mediums, it is a lot of fun and satisfaction, plus it has therapeutic value that help us to keep advancing in life satisfactorily!**

I am glad to let you know that the Broomfield Art Guild welcomed Eco Art Creators to be a participant of their activities. I think this is a step in the right direction because the members of BAG are already artists and creators that can come up with beautiful transformations using this new medium; Disposables. BAG will give EAC a time within their meetings, advertising so I am looking forward to do my best for both clubs: EAC and BAG.

EAC will maintain its regular monthly meetings at the Brunner House. Shows and classes will be at the same locations, plus new ones as situations arise.

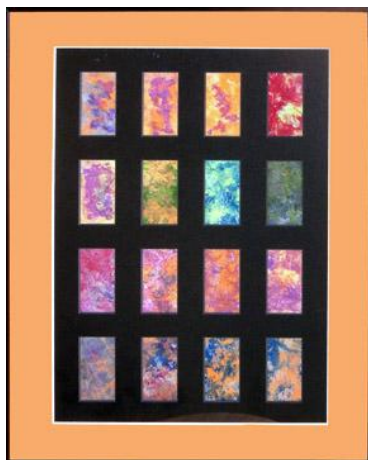

Best wishes,

Aura.
