President's Corner

Dear EAC Members:

Since we are always devoted lovers and protectors of our Mother Earth, let's keep finding new ways to lessen our trash by converting it into beautiful art & crafts, Especially when it is so much fun to do!

We really enjoyed our Xmas celebration in my house, and we had a good starting for our Holidays. I hope this new year will bring the achievement of many of your dreams, and you are full of: energy, ideas, enthusiasm and plans.

Now, we have the coming **Fashion Show**. This is other area where we have infinite artistic possibilities to explore. As time goes by, I further realize the wealth of creativity, fun, possibilities and challenges we have with recyclables, which makes me to love them more.

Please bring to our next meeting some materials you want to work with plus any question you might have, we will exchange ideas in the subject and will help you to bring something into reality and we all can shine.

Don't forget the opportunity with the **Brighton's City Hall**. They are very progressive and like to see new things. You can contact Laurie Maier lmaier@brightonco.gov (303) 655-2034. You can't enter to the next show, because it is too late, but you can do it to the next one.

We still have many open positions for the EAC's administration activities. Please get involved. It is your club, it is very satisfying to help, because we improve the quality of our lives, and grow faster as we increase our accomplishments and possibilities when we work together. Aura
