Dear EAC Members: Keep in mind that, Disposables + Mind + Desire, and Action with Creativity can be transformed into:, Art, Beauty, Personal Growth, Better use of our natural resources, Maintenance of the beauty of our dear Mother Earth, plus many more benefits!

We have a pending meeting with the King Soopers manager to see how we can get help from them. Linda is having problems with her ears. When she will be OK, she will see how we can get KS's help. Misty is making progress with the grants. We have come a long way since last month and are now in the process of writing some up for submission to organizations. Now we have to narrow down the list and apply for grants. It sounds easy, it is not. It requires a lot of work. Many thanks for both of you.

The ad in the 1st Bank Center did not have any effect. If we get a grant we can pay for advertising more often. Once per hour for 15 seconds is not enough.

Suzette and Aura are members of Bromfield Art Guild (BAG). We had a show at the Broomfield City Hall and both of us won a trophy plus money for our art using disposables. Also I sold two paintings at this show. It is great because people become aware of the things we can do with recyclables in order to maintain the beauty of our dear Mother Earth. Also, I was the artist of the month with the BAG, won a prize and was in the newspaper.

Please let me know about your successes so that we can publish and include them in our newsletters and web page.
