President's Corner

Dear EAC members:

We have been operating since Sept 28th 2011. This is what we have accomplished so far: We started with 3 people. Now we have 9 after two members are not with us anymore. We have our Bylaws, our Checking Account which opened with \$75.00. Now we have \$204.50 plus a debt for start up expenses. We have our webpage www.ecoartcreators.org, monthly news letter on the web, art display cards, brochures, membership application forms and Have created our official board structure. We have our monthly meetings at the new, beautiful and elegant **North Metro Fire Rescue**. Isolde Gilliland donated in the name of the EAC members a framed print from her 9-11 painting to them as our expression of gratitude for their valuable help. Our demonstrations include the people participation. So far, We learned how to create art using the several recyclable items such as: Play wood, dried acrylic paints, business cards, Xmas wrapping paper, used aluminum foil, aluminum cans, leftovers from house paints, old canvas, paper utensils, candy wrappers, packaging materials, decorating elements, cloth, etc.

We are finalizing the 501c3process.

We have a one month show at the Broomfield Library with many compliments. We have secured shows at The Irving Library, The Brunner House, The Armory in Brighton, Broomfield Auditorium, and had free classes at the Broomfield Library. We advertise our meetings and publish articles with pictures of our work at: **My Town, Facebook, Denver Post, Your Hub, The Daily Camera, Broomfield Enterprise and Craig's list.**

It is a good start, but we have a long way to go, and with more of your cooperation and more members we can do even better. We need grants to have juried shows so that we, plus other people non members can participate plus get prices for great work; use a larger variety of recyclables, teach more classes, and gain a favorable status in our community. Please join me to make our club a better and better organization to belong to for everybody's benefit. Aura
