## President's Corner

Dear EAC Members: Keep in mind that, **Disposable + Mind + Desire, Can be transformed into: Art, beauty, personal growth, better use of our natural resources, Maintenance of the beauty of our dear mother earth, plus many more benefits!**

We have a pending meeting with the King Supers manager to see how we can get help from them. I know that they help other organizations in several ways such as: grants, advertising on the backside of their purchasing receipts, and allowing to ask for donations at the main entrance to the store. I am optimistic about getting help from them. We had a meeting on the grants issue with Linda and Misty. Misty created a comprehensive grant request structure with all the fundamental issues to be addressed in a grant application. Linda is investigating grant sponsors. Now we have to narrow down the list and apply for grants. It sounds easy, it is not. It requires a lot of work. Many thanks to both of you.

The ad in the 1<sup>st</sup> Bank Center still doesn't show any effect. If we get a grant we can pay for advertising more often.

I went to IKEA with Linda. It was very interesting. I had many inspirations for things to do with recyclables. Too bad that only two people could go.

Fashion show: We did not have a photographer so we don't have many pictures. The picture shown below was at the dressing room. It gives a hint of what the whole thing was about.

I am looking forward to see the results of our creations under Carmen's demonstration guidance.
