We did submit our input for the BCAH's newsletter November issue. See attachment. Please send me any new information if you have it in order to include it in their future newsletters.

I installed with my husband's help the Xmas lights at the Armory. It is a modified design that we had 2 years ago. I used sweet tomatoes packaging again and this time I painted the packaging because the original ones were too plain. Also the Armory provided Xmas wreathes, which enhanced the decoration even more. It looks great! The Art Fest is also going on. It is just great. I wish you all participated. Also I will be talking to people at I-Pie restaurant and the Broomfield Library about other Xmas lights installation.

Don't forget to bring your new creation to our next meeting. The best one will get a prize and will be published in our newsletter and web page
