President's Corner

Dear EAC members:

Since we are stronger lovers and protectors of our Mother Earth, let's keep finding new ways to lessen our trash by **converting it into beautiful art or crafts**. It is fun!

I have some things to share with you:

Wells Fargo Grant. We have our first grant in a form of a check for \$500.00. I have several ways to propose on how to spend the money effectively. We will discuss it at the meeting.

We missed the opportunity to apply for a grant with Arts Culture and Science (ACS) but we will have more later on, although the process takes some time, and I am short of it now. I need all your help.

We have to finalize the election of the new EAC board members. We have several

positions open.

The show at the Broomfield Auditorium on September went very well. The Enterprise interviewed 3 of the artist and put a nice article about us in the newspaper.

Also the show at City Hall went real well, plus we had our first sale there, as Lavonna sold her first piece of art. Congratulations! Lavonna.

Also the **Orchard Festival** on Sept 28th went fine. I accepted as it is a great marketing opportunity for us. More details will be available soon.

We are going to add a brainstorming section in the meetings about how can we get waste to create art with, and about what can be done to increase the membership.

I hope you all are creating new art; if you are not, come to the meeting and we will create it in there so we will be ready to display new art in our shows.
