## President's Corner

Dear EAC Members:

**Since we are always devoted lovers and protectors of our Mother Earth, let's keep finding new ways to lessen our trash in order to convert it into beautiful art & crafts, Especially when it is so much fun to do!**

I am delighted with the new members of EAC. Elizabeth Capetillo and Misty Rains. They are a valuable addition to our membership and contribution to the EAC's growth. Thanks to them, we will initiate new activities as follows:

A **Bazaar at the Community Health Hospital in Boulder** (3 locations and 3 dates) where we will be selling our decorated CDs and our art from recyclables.

We will create an account with **Meetup.com**. It is an organization that supports meetings of groups on different interests; They have an artist group. We can create an account for Eco Art Creators with them.

We can join **Melaleuca**. It is an organization that sells Eco friendly cleaning products, and they help to support organizations like ours with 5% of their profits. Also we can buy their products and help ourselves and the environment. This is just an idea so far.

We still have many open positions for the EAC's administration activities. Please get involved. It is your club, it is very satisfying to help, because it helps to improve the quality of our lives and will help us to grow faster. Also we improve the accomplishments and possibilities when we work together. Aura
