## President's Corner

Dear EAC Members: Keep in mind that, **Disposables + Mind + Desire, and Action with Creativity can be transformed into:, Art, Beauty, Personal Growth, Better use of our natural resources, Maintenance of the beauty of our dear Mother Earth, learn how to use new mediums plus a lot of satisfaction!**

I am about to sign a contract with the **Broomfield Library** to teach some classes around Christmas time.

We did submit our input for the BCAH newsletter November issue. Please send me any new information if you have it in order to include it in their future newsletters.

As a team project we are going to expand the single Xmas light decoration into an electrical string of Xmas lights with 18 lights. Again; we will be using packaging nets, sweet tomatoes packaging containers, and card board. This illustrates the versatility of using disposables to create art.

Don't forget to bring your new creation to our next meeting. The best one will get a prize and will be published in our newsletter and web page.

Please let me know about your successes so that we can include them in our newsletters and web page.

Do you want to participate at the Art- Fest in Brighton?
