President's Corner

Dear EAC members:

Since we are stronger lovers and protectors of our Mother Earth, let's keep finding new ways to lessen our trash by **converting it into beautiful art or crafts**. It is fun!

We want to wish a quick recovery to Bee and hope she can come back to our meetings soon.

We got a letter of acceptance from Wells Fargo grant application; we don't know how much money we are going to get, but by talking to them, they give \$250 to new recipients; we will see.

September has been a busy month; we had: The Broomfield Auditorium which is going real well. We had great comments and a full page article in the newspaper.

The Broomfield days date was changed from Sept 14th to September 21st. It was not as well attended as last year, although people liked what they saw, and we did not get new

members from it.

We were planning to participate at the Eco Fair on the 21st in Brighton, but because of the change in the Broomfield Days to the 21st, we had to cancel it. Of course, Broomfield took the priority.

And finally the Orchard Festival went well. We got a new member from it. Also the Rodeo Market Community invited us to become members of their organization, and was asked us to be part of Denver Arts Week, but this is more than I can handle.

I am proposing that everybody can bring to the meeting a new idea to create art using recyclables; we can discuss it at the meeting. This is with the purpose to stimulate not only our creativity but our possibilities to create our art.
